

# FANCY PANTS

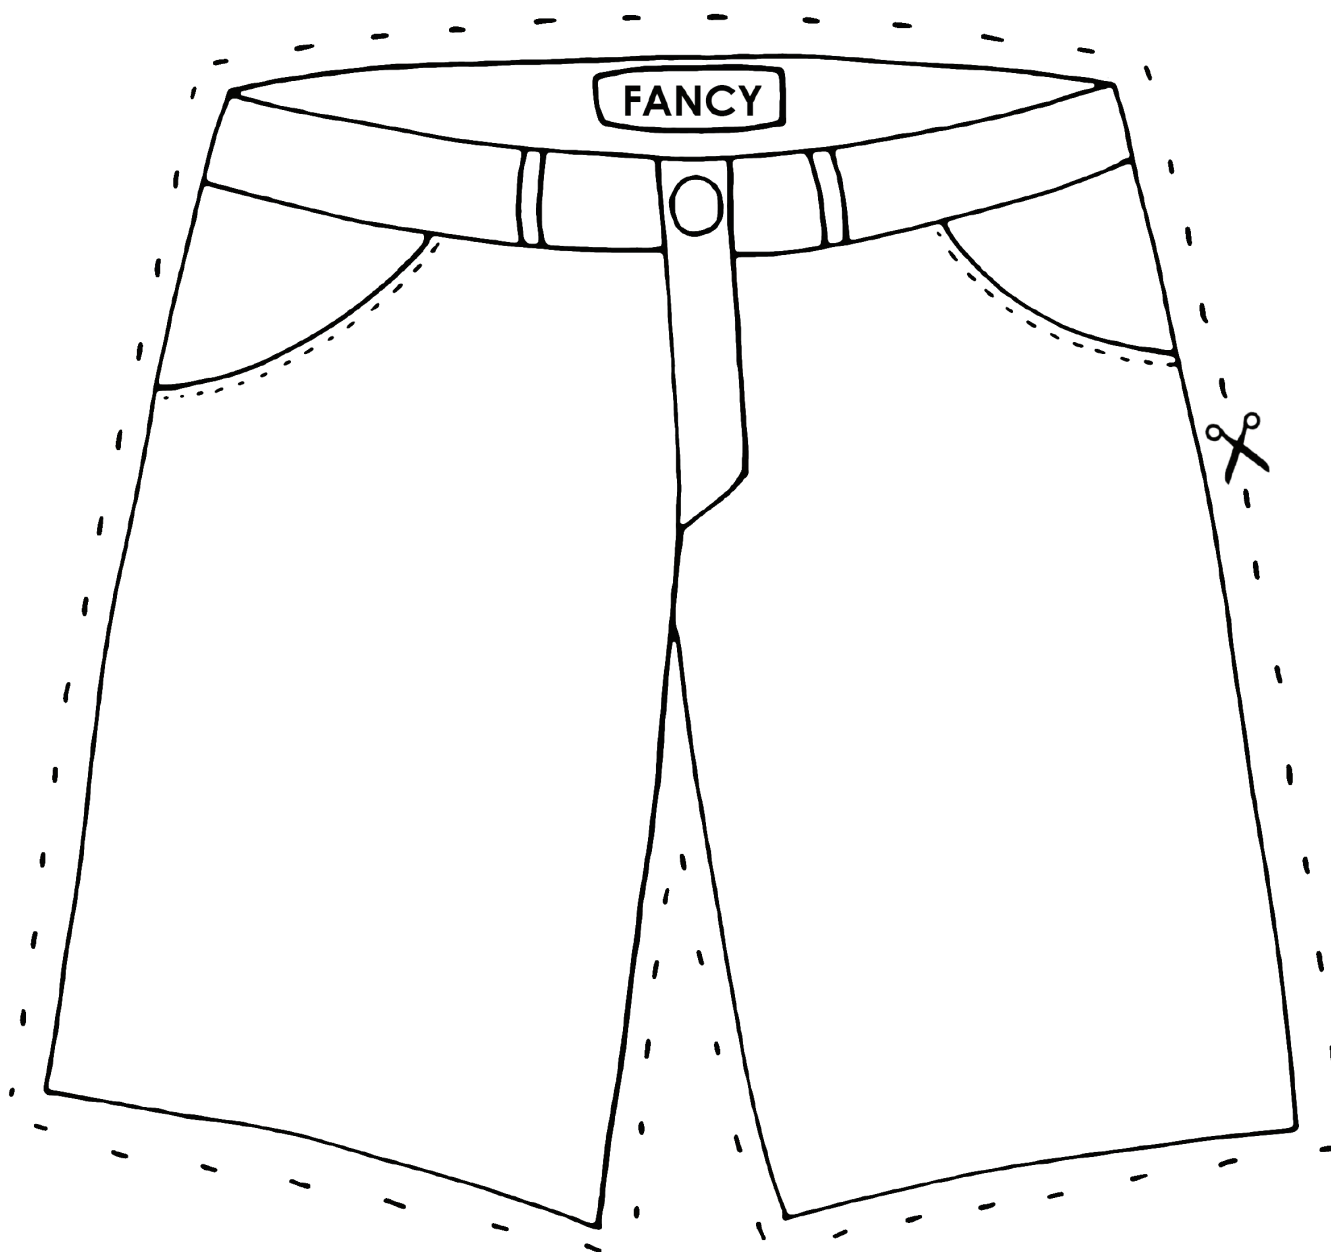

Kelly Hibbert and Amanda Graham

## Design Your Own Fancy Pants

Express yourself with your very own pair of fancy pants!

Encourage creative thinking with this fun and fashionable activity.

### Follow these steps...

1. Decorate the pants template – talk about colours, patterns and what would make the pants 'fancy'
2. Stick the template onto light cardboard and allow to dry
3. Cut out the pants with scissors
4. Pin them up for display, hang them on the washing line or peg them to your child's trouser pockets to wear!
