

# Bev and Kev

By Katrina Germein and Mandy Foot

## Friendship comes in all sizes

Bev is tall and Kev is small. An unlikely pair! Could this be the beginning of a very big friendship?

There are many words to describe the same thing. How many ways can you say 'big'?

**Enormous, *gigantic*, HUMUNGOUS!**

Can you think of any more?

Cut out the animals below, have fun arranging them from shortest to tallest!

'Sorting' activities like this build crucial brain development skills in children, such as problem-solving, language, and early math foundations
